

How to ... wish your clients a Happy New Year

At this time of year, you will probably have emails to send to your English-speaking contacts, and you will probably want to include some New Year wishes in your first email of the year.

At the BEGINNING of an email:

- First of all, I would like to wish you a very Happy New Year, with best wishes for good health, happiness and every success in 2026.

Or

- Please allow me to begin by wishing you a very happy and successful New Year in 2026. May it bring good health, good fortune and every happiness throughout the year.

Or, if you prefer to include your message AT THE END of your first business email:

- Wishing you a year of good health, happiness and every success in 2026,
With kind regards, ...

As a general rule, for a business or professional contacts it is not considered indispensable to mention the family, but if you prefer to add that PERSONAL TOUCH, you can say:

- I would like to wish you and your family a very Happy New Year, with good health and every happiness throughout 2026.

If you want to send a SPECIAL MESSAGE this year:

- Please allow me to begin by wishing you a very happy and successful New Year in 2026. May it bring good times and every happiness throughout the year. In particular, may the coming year also bring serenity, the joy of spending time with family and friends, and most importantly, good health – something which we have learned to value and treasure even more in the past two years.

As a REPLY if you have just received the same sort of message:

- Thank you very much for your good wishes, and I would like to also wish you an excellent year in 2026, with good health, happiness and every success.

Or KEEP IT SHORT and simply by using one of the following:

- Wishing you a very happy New Year and every success in the year ahead.
- We wish you a happy New Year and continued success in 2026.
- Our best wishes for a successful and prosperous New Year.
- With our warmest wishes for the New Year.

From all the team at Let's Connect Language Services we wish you a very happy and healthy
